ACCOUNTANTS DEMANDED.

WOMEN AND MEN.

I want to hear from bookkeepers, cashiers, school teachers, office workers, stenographers, and all capable men and women, either with or without bookkeeping experience, who are ambitious to get into higher accounting positions paying

$2,400 TO $5,000 A YEAR AT THE START.

The readjustment of commerce and industry to a peace basis, the reconstruction and reorganization of American business along more efficient lines, the more scientific analysis of costs to meet domestic and world competition, and the necessity for accurate returns and excess profits tax reports to the Government have created thousands of new and attractive opportunities for permanent positions in the higher accounting field.

At present we can supply only in a very limited way students and members to fill the numerous requests being received for cost accountants, auditors, junior and senior accountants, comptrollers, &c., &c. Government and business demands have exhausted the available supply of trained men and women.

So, our organization, having the largest staff of accounting and business efficiency experts in the world, is making every possible effort to help meet this unusual situation, and to that end I will interview men or women who desire to qualify for these positions by taking individual home training. This can be done without interfering with their present employment.

APPLICANTS WHO ARE ACCEPTED will be placed under the direct personal supervision of one of our staff of Certified Public Accountants and thoroughly trained in the special knowledge and practical procedure necessary to qualify for important accounting work.

A present knowledge of bookkeeping is desirable, but not required.

Address for interview, giving age, position, education, and telephone number, Secretary, Box 330 Times.

AN OUTDOOR JOB
FOR

FLORIDA—FOR SALE OR TO LET.

FLORIDA

Buy a Commercial Grapefruit Grove
AT
LAKELAND HIGHLANDS

A 10-acre grapefruit grove will provide an income equivalent to 5% ON $50,000. The cost of a grove is only ONE-EIGHTH OF THIS SUM. Our Company conservatively estimated the net profits on a basis of only $5 PER TREE, or $240 PER ACRE, which is only one-fourth of the maximum returns on good groves. Even $5 per tree will NET 40% on the investment. The income on a grapefruit grove begins after the fifth year.

Our illustrated booklet answers all questions. Write for a copy and read it. Then, if you are in a position to finance a grove, visit the property and spend a week at the Country Club as our guest.

Come to SEBRING for health, comfort and profit.

Own a ten-acre ORANGE or GRAPEFRUIT GROVE and secure a life income; 10 acres planted with two-year-old trees, $250 per acre; older trees at advance cost according to age. We take care of your grove; many groves earn from $500 to $1,000 per acre per year.

You do not have to visit Florida for a home to come to you. SEBRING is all there bordering beautiful Lake Jackson, which is 6 miles long. $200,000 Hotel; golf, schools, etc. Join our party leaving soon, and investigate our proposition. Send or call for booklet.
